

Software developer

LinkedIn profile: [eli Monroe | LinkedIn](#)

Through the data USA website given I have researched:

Career - software developer

Average salary - \$120,323 in 2016

Top 3 locations - Sunnyvale & San Jose (North) Cities PUMA, CA, San Jose (Northwest) & Santa Clara Cities PUMA, CA, and Queen Anne & Magnolia PUMA, WA.

Demographics - 73.82% male & 26.18% female in 2017

I am excited about learning how to develop software in general and just hopeful that I am successful in this career. I am also excited about the potential good salary that i can have with this career. I am scared that I will not be successful and be a failure.
